State Management:	Redux, React Hooks, Context API
Backend & APIs:	Express.js, REST API Integration, Node.js (basic)
Databases:	MongoDB, MySQL, PostgreSQL
Tools & Platforms:	Git, GitHub, Netlify, Postman, CPanel, Chrome DevTools, Figma, Photoshop, Canva
Practices:	Responsive & Mobile-First Design, Cross-Browser Compatibility, Web Performance Optimization, SEO, Unit Testing (Jest)

WORK EXPERIENCE

Frontend Developer

HiccupSolutions, Noida | Jan 2023 – Present

- Developed and maintained 10+ responsive, high-performance web applications using React.js, TypeScript, Tailwind CSS, and WordPress, reducing average page load time by ~35%.
- Built 30+ reusable UI components following mobile-first design principles, improving development speed across projects by 25%.
- Integrated REST APIs to power dynamic, data-driven user interfaces; handled authentication flows, error states, and loading patterns.
- Implemented Redux for state management across complex multi-page applications, reducing prop-drilling and improving maintainability.
- Collaborated directly with 8+ clients to gather requirements and deliver customized web solutions on schedule.
- Optimized Core Web Vitals (LCP, CLS, FID) — achieved Lighthouse scores above 85 for key client projects.
- Applied on-page SEO best practices including semantic HTML, meta tags, structured data, and sitemap generation, improving organic search rankings for 5+ client websites.
- Ensured cross-browser compatibility across Chrome, Firefox, Safari, and Edge for all delivered projects.

PROJECTS

DhwaniAstro.com

Built a full astrology platform with interactive front-end features and server-side logic. Achieved responsive design across devices and improved page load time by 30% through asset optimization and lazy loading.

FIDTR.com

Developed and maintained a DGCA-approved drone pilot training platform featuring course enrollment workflows, RPC/TTT program modules, and multimedia content. Implemented SEO best practices that increased organic traffic by 20%.

DWPS Noida Extension

Built a responsive educational website with Admissions, Academics, Events, and Global Connect modules using WordPress CMS. Optimized for mobile responsiveness, performance, and SEO — achieving Lighthouse score of 88+.
